### NRT1X

**Description:**

Round Twisted Nomex Cord NRT-1X

**Part Number:**

**NRT1X**

**Specification:**

Round Twisted Nomex Cord, Size 1, Finish X

Color: ----- Natural

Coating: ----- Uncoated

Putup: ----- 1 lb

Minimum Break: 100 lb

Elongation: ----- 40%

Yield (Nominal): 325 yd/lb

Diameter: ----- 0.055"

**Material Properties:**

Twist furnished under this data sheet does not melt and does not propagate flame. At about 800°F, it carbonizes and forms a tough char. The yarn used in this braid is unaffected by most acids. It has good resistance to alkalis, and excellent resistance to mildew, and aging. It also has good abrasion resistance. □
